

Electrical Parts for Forklifts

Forklift Electrical Parts - Lift trucks as well as various lift trucks may have particular labels utilized in certain hazardous locations. The label denotes that this particular model of lift truck meets the minimum standards of ANSI/UL 553 intended for electric lift trucks or ANSI/UL 558 intended for internal combustion engine lift trucks.

The application for labels meant for lift trucks could be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Maintenance and Operation, Type Designations, and Areas of Use. Check with your local insurance carrier and Fire Marshall for more information about the permitted uses of industrial powered forklifts in your application.

If the specific forklift satisfies the outlined criteria, labels could be put. A labeled lift truck will show the type of designation put on the nameplate and will have a correctly corresponding label placed.
